

RESULT 3: TRAINING AND IMPLEMENTATION OF PW-PBS

ONLINE MEETINGS AND THE FINAL TRANSNATIONAL PARTNER MEETING

In the last few months, the partners have been taking part in regular online meetings to discuss the progress of the PBS-ECEC project, and are looking forward to scheduling the project Conference and the final transnational partner meeting in Porto later this year.

The online learning materials and guidelines developed as part of the PBS-ECEC project are currently being used to effectively train more than 100 early years educators and 40 trainers across the four partner countries (Portugal, Cyprus, Ireland, Greece) in the use of a PW-PBS approach. The early years educators taking part in the project are being asked to implement PW-PBS in their respective settings and feedback on the training and implementation is being gathered through a series of online evaluation tools. The study of the implementation began in January 2023 and it is expected that its final report will be available in September 2023. The report will include practice recommendations and will give inputs into the improvement of the online training resources, which will be freely available on our website soon.

Don't forget to visit our website and our Facebook page to receive regular project updates and to find more information about PW-PBS!
