

## OUR PBS-ECEC GUIDE

*The Guide on Positive Behaviour Support in Early Childhood and Care (PBS-ECEC Guide) is now available!*

A summary of findings from each partner country of the PBS-ECEC project (Cyprus, Greece, Ireland and Portugal), as well as an insightful and brief introduction to the Positive Behavior Support (PBS) approach, are now available! This Guide describes the primary tier of this approach, with a *hands-on explanation of how professionals from Early Childhood Education and Care (ECEC) settings can promote Programme-wide Positive Behaviour Support (PW-PBS).*

The Guide presents strategies and resources to promote desired and positive behaviours and socioemotional competences, whilst discouraging challenging behaviors.
